

Another Successful Hotel Real Estate Society Event in Washington, D.C.–August 2024

📅 August 8, 2024 / 👤 By Chelsey Leffet

On August 6, 2024, the Hotel Real Estate Society (HRES) in Washington, D.C., met to network and tour a local luxury hotel.

Tuesday night's event was held at the **Hotel Washington** on 15th Street in Downtown D.C. Hotel staff members graciously provided the group with comprehensive tours of the hotel, which was extensively renovated in 2019. Highlights included viewing several suites and the food and beverage offerings, specifically the VUE rooftop bar, where the HRES group gathered to converse over a cool beverage before and after the tours. Attendees included folks from local hotel brands, REITS, architecture and design firms, and ownership, operator, and management companies.

Chelsey Leffet, HVS Managing Director and based in Washington, co-founded HRES in 2018. This casual networking group began as a way to connect with local hotel industry peers and professionals at area hotels. As education and market insights are a cornerstone of this group, HRES has held over 25 hotel tour events and educational seminars over the years within the District. HVS colleagues of Chelsey's recently launched a New York City chapter of HRES given the group's successes in D.C.

The group typically meets two to four times per year; the NYC chapter is currently planning their next event for late summer. For more information on HRES or to join the next D.C. or NYC event, **contact Chelsey Leffet**.

Summary

The Hotel Real Estate Society (HRES) in Washington, D.C., met this week to network and tour a local luxury hotel. This article provides a quick overview of the organization, which was co-founded by Chelsey Leffet, and some information on this latest event.
